1st December 2020

Dear Parents / Guardians,

I do hope that this letter finds you and your loved ones well. We are approaching the end of this term, as well as the end of a very different year. I must certainly take this opportunity to thank you for your support in responding to the changes this year. Additionally, I would like to thank the students most sincerely for their engagement and commitment for also meeting this change. It is also noted that all the staff at Renaissance work tirelessly behind the scene to be able to keep all our classes going and to further develop our online classes and the school.

Since the change to remote schooling, you would have noticed several developments on our platform as well as expansion to several of our partners worldwide. It is noteworthy that the students have responded quite well to these additions, particularly with the Robotics and Coding Program. With the addition of Discovery and Martific we were able to expand for the Staff and students, curriculum content that enhanced and made their learning richer.

This being said I am pleased to announce that further developments are coming. Through Renaissance Learning we will be adding several additional resources.

- Star Assessments
 - <https://www.renaissance.com/products/star-assessments>
- Renaissance myON Reader – myON Digital Library
 - <https://www.renaissance.com/products/myon-reader>
- Star Reading Early Literacy
 - <https://www.renaissance.com/products/star-early-literacy>

I have included links where you can get further information on our additional resources. Note that these developments were in the planning stages but given the sudden change to online schooling we decided to include these now. When we return to physical school and classes, these resources will remain to be used within the classroom as well access the children having at home.

Traditionally, we would introduce new staff at our parents evening, or you would get a chance to meet everyone at our events. Unfortunately, given the circumstance this is not possible. This term we expanded the staff at various levels of classes. This is to meet the changing needs of the school as well to better serve the students. This term we welcome Mrs. Gobin, Mrs. Maniram and Mrs. Rampersad.

Continuing to assess the developments and projections for the coming year and taking into consideration the operations of the school as it relates to staffing as well as resources needed to continue to operate, including the challenges some parents may be facing, we continue to make adjustments to the fee structure.

Please note the following:

Basic School Fee: Citizens: \$5300 per term
 Non-citizen: \$7500 per term

For parents needing assistance this has been reduced to \$4500 (Citizens) and \$ 6700 (non-citizen) respectively.

For parents needing a payment schedule, you can pay 50% before the end of this term and the balance on or before the end of January 2021.

As usual this adjustment will depend on timely payments and will only work if you honour your commitment.

Do note that this term will officially end on the 11th December 2020. Reports will be released on our platform on the 16th December. Your child's teacher will contact you on class party and gift exchange arrangements.

Next term will commence on the 5th January.

I thank you again for your continued support and confidence you placed in us for the past year.

Please remain safe.

Kind regards,

Ravichandra Debie M.Ed., B.Ed.
Headmaster
The Renaissance Preparatory School
